Dear Luke:

I would like to commend your service crew that worked at the [REDACTED] mine over the Memorial Day weekend. Mark [REDACTED], Heath [REDACTED], Josh [REDACTED], Pat [REDACTED], Shannon [REDACTED] and Derek [REDACTED] worked with diligence through the scheduled days and completed much more cleaning than we expected. We left the weekend with two fully cleaned silos when we only planned on one clean silo and a partial cleaning on the other if things went well.

Once again I would like to thank Mole-Master for providing good service and professional crews to do the work.

Best regards, [REDACTED]

**Re: Recent Silo/Bunker Cleaning Project** 

Dear Luke,

Please accept this letter of appreciation on behalf of myself and Mountain Coal Company, L.L.C. for the outstanding work performed by your personnel in May of this year. Dean, Dan and John performed the services extremely well and in a timely fashion. They complied with all MCC safety policies and performed their work in a safe, productive manner at all times.

It should be noted that during the surface silo cleaning portion of the project they were inspected by MSHA and we received very favorable comments from the inspector regarding their actions and condition of their equipment.

Please let me know if you have any questions regarding this letter.

Sincerely,

Project Manager  
Mountain Coal Company, L.L.C.
